Mission

Provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability

Vision

A performance-driven, transparent and accountable organization that values its people, resources and partners, and meets new challenges through leadership, innovation and teamwork

Goals

Safety and Health

Provide a safe transportation system for workers and users, and promote health through active transportation and reduced pollution in communities.

Stewardship and Efficiency

Money counts. Responsibly manage California's transportation-related assets.

Sustainability, Livability and Economy

Make long-lasting, smart mobility decisions that improve the environment, support a vibrant economy, and build communities, not sprawl.

System Performance

Utilize leadership, collaboration and strategic partnerships to develop an integrated transportation system that provides reliable and accessible mobility for travelers.

Organizational Excellence

Be a national leader in delivering quality service through excellent employee performance, public communication, and accountability.

Values

Integrity

We promote trust and accountability through our consistent and honest actions.

Commitment

We are dedicated to public service and strive for excellence and customer satisfaction.

Teamwork

We inspire and motivate one another through effective communication, collaboration and partnership.

Innovation

We are empowered to seek creative solutions and take intelligent risks.
